Services: Provide planning, pre-construction and construction management support for duration of project.

Description: New security vestibule addition and general office/administration area renovations at Eleanor Rush Elementary School, New Albany Intermediate School and Cinnaminson High School, along with site improvements. The Cinnaminson High School scope includes a new main gym addition; a two story link between classroom wings (new administration area and new science classrooms); replacement of HVAC systems; asbestos abatement; new lighting; technology and security upgrades; roofing replacement; site work (including new parking areas, hardscaped plaza at the gym addition; and improved storm water management).

Schedule:

Pre-construction: December, 2014 – April, 2015

Multi-Phased Construction: May, 2015 – September, 2016

Occupancy Date: September, 2015 for Eleanor Rush Elementary School; New Albany Middle School and Cinnaminson Middle School; September, 2016 for Cinnaminson High School Additions

Final Cost: Budget: \$40,048,000
